
Declaration on the Use of Conflict Minerals

In accordance with the Directive (EU) 2017/821 we as

habemus! electronic + transfer GmbH
Burtenbacher Str. 12
D-86505 Münsterhausen

take position on conflict minerals.

As a responsible manufacturer, we only use products and components from well-known manufacturers. However, we have no influence on the origin of the materials and minerals used by our suppliers and their sub-suppliers. Therefore we cannot assume any guarantee in this respect.

In order to fulfil our duty of care in the supply chain, our suppliers are required to prove traceability and transparency of their products.

After obtaining appropriate information from our suppliers and according to the current state of knowledge, our suppliers do not use conflict material from conflict and high-risk areas. We ourselves confirm that we do not import conflict materials directly.

We hope that this statement contains the information you requested and thank you for your trust and good cooperation.

Münsterhausen, January 15, 2020
